

DERRICK OGETONTO

Web Developer
UI/UX Designer
Developer

PROFILE

ICT enthusiast with a knack for clean code and clever design. Survived 12 weeks in government tech (yes, really) and came out loving UI/UX even more. I turn pixels into purpose — and bugs into features (on good days).

SKILLS

Programming Languages

HTML, CSS & JS

Expertise in building web layouts and styling user interfaces my portfolio website.

C & Java
